"Great Job!"

"Great Professor!"

"Love Dr. Duanmu's class. Can't wait to have him next quarter!"

"Very good teacher. Displays interest in the subject material and is always willing to help people who don't understand by answering questions and producing examples. Good job!"

"This class is a difficult class, but Dr. Duanmu made it easy to understand and learn. His enthusiasm about finance is expressed in every lecture and overflows into enthusiasm to learn the subject. As a senior, I have had many teachers at Louisiana Tech and he is by far one of my favorites. He is definitely an asset to the university."

"One of my favorite professors this semester. Extremely fair and willing to go the extra mile to help anyone. Thanks for a great semester!"

"Thanks for always being willing to help and answer questions or review/repeat unclear material. The tests were fair and you taught the class well."

"He really makes himself available to students and genuinely wants to make sure we learn the material."

“Jun is a very fun teacher and I have really enjoyed being in his class.”

"One of my favorite professors this semester. Extremely fair and willing to go the extra mile to help anyone. Thanks for a great semester!"

“Jun is a great teacher and is extremely helpful. He is always willing to meet with students at any time and will work with their schedules. As a student himself, he understands the position his own students are in with a lot of tests and assignments, this is reassuring that he wants us to do well and be successful in the course. Maybe before the tests give more practice problems of what students should expect to see on the exam. Overall, I have learned a lot this semester in Corporate and have enjoyed having Jun as my teacher and will recommend him to other students.”

“You've done a great job this semester!”

“Thank you for a wonderful semester. I have learned a lot and hope to use the information you taught me in the future.”

“I liked that the instructor was always enthusiastic and would always tell his students that if anyone needed to go over a specific topic to go to his office or ask in class. He was always helpful and wanted his students to understand the material before he moved on with the next topic.”

“Great class. Jun made a hard class into something that is manageable.”

“You did a great job this semester! I really appreciated that you would always answer my questions and were open to suggestions.”

“Very fun teacher, made attendance worth it with points. Slow down while explaining difficult problems.”

“Mr. Duanmu has profound understandings on every topic of the course, and worked hard to make it as easy to understand and clear as possible for his students through the semester. He was also readily available for students' consultations.”

“Great teacher!!!!!!”

“He is really wonderful, always helpful to students!!!”

“Really enjoyed Jun as a teacher. He always comes to class in a good mood. While the subject matter is boring, he tries his best to keep the class involved. I was very glad to see he did not use powerpoint throughout his lectures. I would definitely take another class from Jun if I had the chance.”

“Jun! You have been an excellent professor. I have really enjoyed your class and appreciate how you break-down tough concepts so that they are easily understood...”

“Thank you for such a great semester you are a great teacher.”

“... I definitely learned a lot and I am already using the knowledge you instructed. Appreciate it!”

“...I have really enjoyed having you as my professor this semester. You are the most helpful and kind professor I have ever had...”

“Really enjoyed your class and you definitely helped me have a strong understanding of the subject...”
